## EXPERIENCE

---

### Deloitte USI, Mumbai

Associate Analyst, SAP MDG

July, 2021 – August, 2023

- Worked on various Change Request (CR) types, BRF+ workflow decision tables, Data Quality (DQ) rules, and multiple Master Data Governance (MDG) areas, including extensive debugging, configuration tasks, and updating existing code to meet client requirements.
- Played an integral role in ALM testing during multiple build and ITC phases.
- Performed sanity checks, created SO10 texts, maintained tables in various systems, and managed documents supporting test cycles.
- Provided knowledge transfer (KT) sessions to new joiners in the project and handled client calls.
- Received the Applause Award for outstanding contributions to the project.
- Actively participated in several firm initiatives, receiving Spot Awards for:
  1. SAP Bootcamp:  
Served as Lab Coordinator for Batch 3, facilitating smooth operations and participant engagement.
  2. SAP Floor Events:  
Coordinated team activities and organized games.  
Maintained scores and email communications, monitored events as a referee, and assisted in arranging gifts.  
Prepared the award deck for NSCW'22 and managed rehearsals for the award ceremony.
  3. Family Day:  
As part of the logistic team, sourced costumes and props for performers, coordinated and organized the fashion show, and managed numerous other activities.

### #include, Mumbai

Tutor

September, 2018 – May, 2021

- Mentored individuals in various programming languages (intermediate level) including C++, Java, Python, HTML, and JavaScript, fostering understanding and proficiency.
- Organized and evaluated multiple tests to gauge comprehension and progress.
- Conducted instructional sessions on Microprocessor 8085, providing practical knowledge.
- Led several 12th-grade IT and CS batches, delivering comprehensive educational experiences.

## PROJECTS

---

- **Task Management System:** A Full-stack app that allows task creation, editing, deletion and progression through stages (To Do, In Progress, Peer Review, Done) sorted by priority.  
Technologies: React, Redux, MongoDB
- **Kanban board:** Task tracker with drag-and-drop functionality and JSON-based data.  
Technologies: React, Redux, JSON
- **Calculator:** Interactive calculator for basic arithmetic operations.  
Technologies: React
- **Nav:** An app featuring navigation, conditional rendering and multimedia support (image, video, and audio).  
Technologies: React

- **Tic-Tac-Toe:** Android Studio: The classic game with a twist – Bunny vs Panda replaces the usual X & O.  
Technologies: Java
- **RKMS:** A shopping app for mobiles and tablets with product catalog, search, cart and order management.  
Technologies: Java, JDBC

## EDUCATION

---

### **MIT Manipal – Manipal, Karnataka**

*August,2023 – May,2025*
